PERSONAL PROJECTS

Online Assessment-

It deals with the assessment of university students online on various grounds such as assignments, practical files, tests etc. Faculties can assess multiple students at the same time and can grade them according to their performance online. It helps in estimating the qualities of students with relatively high degree of accuracy.
(01/2017-06/2017)

Rent the Backpack-

This project serves those who require temporary goods because there may not be a need to buy them, if they need it for limited period of time. Hence availability of such goods at rent would ease the shopping. The goods include books, costumes, electronic equipment etc. The user can upload the new item for rent as well as can rent the available products.
